Our Mission The mission of ISMTE is to connect the community of professionals committed to improving peer review management. ISMTE provides peer-to-peer networking, education and training, research, and resources for best practices and development of journal policy.

About Us ISMTE launched in 2008, and has since experienced a rapid growth in membership. ISMTE fills an underserved niche: the editorial office, within the academic, scientific, medical, technical and professional publishing industry.

ISMTE was established to enhance the professionalism of editorial office staff by providing networking and training, studying and reporting on editorial office functions, and establishing best practices. ISMTE intends to become an advocate on all issues relating to editorial office operations.

The Best Reason to Join The monthly ISMTE newsletter, *Editorial Office News (EON)*, will come directly to your e-mail with an update from the ISMTE office.
